**The intent of this motion is to clearly define the qualifications and requirements of Area Trusted Servant positions by removing ambiguous diction from current Area policy and to prevent semantical debate regarding the specification in Area position responsibilities.*

Current policy for motions is...

1. All motions coming from a group to Area will automatically be taken back to groups for a vote.
2. All motions must be submitted in writing to the Area secretary with a simple intent attached.
3. All motions made at ASC, not coming from a group, may be voted on at that meeting, if seconded by a GSR and no other GSR wishes to take it back to their group.
4. For Simple majority votes, abstentions do not count towards a pass or fail and a vote is carried by pass or fail votes.
5. For 2/3rd majority votes (ie. Policy Changing Motions) abstentions will be counted with no votes.
6. For Regional motions, if majority of groups vote to abstain, then the abstention is carried to the Region as our Area conscience.
7. To change Area policy, requires a two thirds majority vote of all GSR's present.
8. All policy changing motions will be submitted to the area secretary and the policy chair.
9. Any policy changing motions submitted to area will specify that they change policy.
10. Area chairperson will ask if any RCMIGSR would like to object to consider a motion, after a motion is seconded or carries the backing of a group. The objection must have a

second by another GSR. If so, one “pro” and one “con” will be heard a two thirds majority vote is necessary to carry the objection and send the motion back to the originator.

11. All motions and intents will be read aloud by the Area Secretary prior to inclusion in the minutes.

12. All motions and intents will be submitted to and read by Area Secretary prior to inclusion in minutes.

13. All motions must be read and submitted during new business and Originator must be present.

The policy subcommittee puts forth the motion to change area policy regarding the structure and diction of current policy for motions by updating to a more clear and concise language. This motion would remove all current policy regarding ASC motions in lieu of the following policy for motions...

1. All motions must be submitted in writing during Area Service Committee meeting new business, with a clear and concise intention included, to the Area Secretary except in the case of a policy changing motion, whereas the written motion must be submitted to the Area Secretary and the Policy Chair plus specify that the motion proposes a change to Area policy. All submitted motions and intents will be read aloud by Area Secretary during Area Service Committee new business prior to inclusion in the Area minutes, and the originator of said motion must be present at that time.

****this will combine and replace current policy under motions for #'s 2,8,9,11,12,&13***

2. Motions that propose a change to Area policy require a two-thirds majority vote of all Group Service Representatives present at that Area Service Committee meeting; furthermore, all abstentions will be counted as a no vote towards the motion.

****this will combine and replace current policy under motions for #'s 5 & 7***

3. All motions, except policy changing proposals, will be considered a simple majority vote, in which the highest number of votes cast for any one candidate, issue, or item exceeds the second-highest number, wherein abstentions will stand separate and not be considered towards a pass or fail decision.

****this will replace current policy under motions for # 4***

4. All motions brought forth from a group at the Area Service Committee meeting will be mandatorily referred back to all Clean Acres groups for their votes, then will be decided by a simple majority vote from the Group Service Representatives at the following Area Service Committee meeting. Furthermore, all non-policy changing motions made at an Area Service Committee meeting, not originating from a group, may be voted on at that meeting; however, the motion must be seconded by a Group Service Representative and no Group Service Representative requests that the motion to be taken back to their group.

**this will combine and replace current policy under motions for #'s 1 & 3*

5. After the Area Secretary reads aloud a motion during new business of the Area Service committee meeting, and said motion has been seconded or carries the backing of a group, the Area chairperson will ask if any Group Service Representative would like to object to consider the motion and must be seconded by another Group Service Representative to be heard on the floor. The Group Service Representative who raises the objection must then state their intention with either a one 'pro' or a one 'con' position. If an objection has been heard, then it will require a two-thirds vote of all Group Service Representatives present to carry the objection and send the motion back to the originator. Additionally, any Group Service Representative may request clarification of any motions from their originator following the reading of a motion, so long as the Area Chairperson has not moved on from said motion to new business. With all the above said, the Area Chairperson will ask twice for any objections to a motion and twice for any needed clarification for a motion before moving onto to additional new business. Only clarifications and qualifying objections to a motion will be heard during the Area Service committee new business, thus no open forum discussions or debates of any motion will be accepted at that time.

**this will replace current policy under motions for # 10*

6. For Regional motions, if a majority of groups vote to abstain, then the abstention is carried to the Region as our Area conscience.

**this will policy item will remain intact under motions for # 6*

7. All motions voted on at the Area Service Committee meeting will be counted by the Area Chairperson and separately by the Area Co-chair to confirm accuracy of the votes. Once the number and type of votes reconcile between the two appointed to calculate a motion's vote, then the Area Chairperson will read aloud the total of yes, no, and abstention votes when notifying the Area Service Committee of a pass or fail on said motion. Moreover, the Area Secretary will record the vote counts and list them with the motion's status in the Area minutes.

**this will create a new policy item for motions*

**The intention of this motion is to simplify the motions portion of Area policy in addition to the creation of a clear and concise order of operations, language, and directives for the management of motions at Area Service Committee meetings.*
