We have purchased the new IPs "Mental Health in Recovery" and you can now place a order them. The previous Literature Chair mentioned that we have a large amount of regional meeting lists that have become outdated. Wanted to readdress this as no decision was made. Literature supplier prices have gone up so I will be updating the order form to match it. To place a order for literature we will be using the

same location as before, the Boscovs parking lot. Please text or email me your order using my information below. If I do not confirm any email orders, please call or text me.
